Subject: RE: CFAC South Percolation Ponds Expedited Risk Assessment Activities

Hello Mike,

I concur with Roux's plan to expedite risk assessment activities for the south perc ponds. We understand the urgency of this due to the river bank conditions and timeframe constraints for the season. Please keep us informed of the status of activities as you proceed so we can help keep this on track. Also as you proceed, try to provide us with deadlines on any reviews as winter will be upon us before we know it and spring floods follow that.

Thanks,
Mike
